Key Instant Recall Facts

This half term your child is working towards achieving their KIRF target indicated below.
The ultimate aim is for your child to be able to recall these facts instantly!

Know multiplication and division facts for 3 x table

Helpful hints for parents

• *Practise with the numbers in order **and** chosen randomly - the aim is for your child to be able to respond immediately.*
• *Chanting tables really does help. Make it fun by adding actions too, or singing!*
• *Don't forget to chant those division facts too, they are often much harder to recall.*
• *Look at the patterns with both objects and numbers e.g. as one number increases the other one decreases.*
