

24th May 2021

Dear All

The past year has allowed many of us time to reflect and take stock of our lives and I have done just that. After much thought and consideration, I have made the difficult decision to take a career break in order to spend more time with my family, and I am writing to you today to inform you that I am leaving the Trust.

I know that the school will be in very safe hands. I am sure you would agree that Mr Dodson has made a real difference to the school over the past couple of years, and he is relishing the opportunity to head up the school as we continue with our improvements.

Mr Dodson will receive support from Mrs Peat, an experienced Primary Headteacher who already works in the Trust. Mrs Peat knows our school well as she has provided support in the past.

I have loved the time that I have spent here with you all and I want to thank you for the tremendous support you have given to both the school and myself in my time here with you.

I wish you all health and happiness in the times ahead.

Kindest regards.

Yours sincerely

David Wood
